Dear Carol:

I don't know if you remember me as the former site manager of the Piqua Historical Area, but I wanted to send you this copy of the Dispatch article about your property. I still work for the Society back in the Columbus office with the volunteers and marketing areas.

I often remember you and Melissa coming to many of our special events at Piqua. I always appreciated your support. I was so glad to see that the National Register recognition for Elizabeth Township. I know you worked hard for this.

Congratulations!

Vicky Tabor Branson
